

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

DER URSPRUNG DES MENSCHEN oder die gegenwärtigen Anschauungen über die Abstammung des Menschen. Von Prof. Dr. Alois Schmitt. xii and 118 pp. Index. B. Herder, St. Louis, Mo., 1911. 65 cents. $9\frac{1}{2} \times 6\frac{1}{2}$. [Criticises some present views. Especially valuable for its excellent statement of the facts relating to the origin of man that are now generally recognized.]

GEOGRAFIA GENERALE (Fisica, Biologica, Antropica). Di Cap.^{no} Giannitràpani. xxviii and 368 pp. Maps, ill. R. Bemporad & Figlio, Florence, 1912. $8\frac{1}{2} \times 5\frac{1}{2}$. [A careful and good work, covering all phases of the subject that are essential to general geographical culture.]

JAHRBUCH ÜBER DIE DEUTSCHEN KOLONIEN. Herausgegeben von Dr. Karl Schneider. 4. Jahrgang. 257 pp. Maps, ill., index. G. D. Baedeker, Essen, 1911. Mk. 5. 9×6 . [A geological map of Togo is one of the features. The principal papers will be noted in "Current Geographical Papers."]

WHO'S WHO IN SCIENCE (international) 1912. Edited by H. H. Stephenson. xvi and 323 pp. Index. The Macmillan Co., New York. 9×6 . [Valuable in most respects, but worthless as a record of scientific geographers. Very few of the leading geographers of the world, men of international reputation, eminent in the universities and in their scientific output, are included.]

MEYERS GROSSES KONVERSATION-LEXIKON. Ein Nachschlagewerk des allgemeinen Wissens. Sechste, gänzlich neubearbeitete und vermehrte Auflage. Vol. 23, Jahres-Supplement, 1910-1911. 1008 pp. Maps, ill. Bibliographisches Institut, Leipzig und Wien, 1912. \$2.68. $10 \times 6\frac{1}{2}$. [Stands in the front rank of annual compendiums of the world's events and progress.]

NEW MAPS

EDITED BY THE ASSISTANT EDITOR

System Followed in Listing Maps.

Title. As on original, if possible. If lacking or incomplete, necessary matter enclosed in brackets.

Scale. Natural (unless otherwise on original). If no scale on original, approximate scale enclosed in brackets.

Coordinates. Approximate limiting coordinates of map given. Where map-net lacking, coordinates, if possible of determination, given in brackets. All meridians referred to Greenwich. If map not oriented N., orientation given.

Colors. Number of tints of separate symbols, not number of color printings given. Black or basal color not considered a color.

Source. If map separately published, name of institution issuing it, place and date given. If a supplement, title of paper or book, author, periodical, volume, number, year and pages given.

Comment. Descriptive and critical. In brackets.

Regional Classification. Major political divisions the unit, as a rule, except for United States and Canada. Boundaries of continents according to Siever's *Länderkunde*, Kleine Ausgabe.

MAPS ISSUED BY UNITED STATES GOVERNMENT BUREAUS

U. S. GEOLOGICAL SURVEY

*Topographic Sheets**(Including Combined and Special Topographic Maps)*

Alaska. Topography of Kasaan Peninsula, Prince of Wales Island, Alaska. Surveyed in 1907-1908. 1:62,500. 55°40' - 55°25' N.; 132°35' - 132°5.0' W. Contour interval 50 ft. Edition of Dec. 1911. Alaska Sheet No. 540A.

California. (a) Browns Valley Quadrangle. Surveyed in 1909. 1:31,680. 39°15'0" - 39°7'30" N.; 121°30'0" - 121°22'30" W. Interval 5 ft. Edit. of Nov. 1911.

(b) Landlow Quad. Surveyed in 1909-1910. 1:31,680. 39°30'0" - 39°22'30" N.; 121°52'30" - 121°45'0" W. Interval 5 ft. Edit. of Dec. 1911.

[Belong to the series of half-mile-to-the-inch maps of the Sacramento Valley].
